

Selection of Thank You Letters

Daniel Azogui, Paris, France:

I had the opportunity to participate for the first time to the event "Just One Shabbat" in Dublin for the New Year 2014. It was such a great experience to meet Jewish people from around the world. I am already thinking to the upcoming events and wish you to continue this amazing and incredible project. Thank you for your kind donation and thank you ECJS for your divine contribution for keeping the Jewish community in Europe together.

Aharon Nagawkar, Tel Aviv, Israel:

I'm sure there are a lot of persons involved participating this "Avodat Kodesh" of bringing young Jewish people together where they can meet and get to know each other and I can say this matter is very close to my heart. I think it's very important for Jewish people from different Diaspora committees to meet each other and people from Israel like me, I felt very proud to strengthen the Jewish ties and identity with other young Jews like me. I wish to thank you all and may God bless you for all your hard work for ECJS.

Sarah Cohen, Paris, France:

It was just to thank you all for this amazing shabbat that you organized. It was my first ECJS and I just loved it, everything was very well organized, from the beginning to the end. The activities, visits and the lectures were very interesting and I had a lot of fun meeting Jewish people from all over Europe. I'm looking forwards to the next event for Purim!

Vered Lieberman Zolty, Geneva, Switzerland:

I just spent an amazing week-end in Istanbul, for the 10 year anniversary ECJS event. It was a great experience. I enjoyed touring in that eclectic city, as well as participating in very interesting workshops and conferences. The Gala evening was beautiful, and the parties were just fantastic. All the event was very well planned and organized. What I love the most about those events is the atmosphere. We all try to make efforts to get to talk to all participants. Everyone feels welcome, whatever their religious level is. There is respect towards all Jews (I love the way Zevi said " for those of you who keep shabbat but smoke..." That joke says a lot about how open-minded he is, and it reflects on everybody at those events).

I live in Geneva, Switzerland. Those events are a very good way for me to meet Jewish people. I made new friends, and met a young man whom I will have the opportunity to get to know better.

I would like to take the opportunity to thank you for helping ECJS achieve those great events.

David Gabay, Tel Aviv, Israel:

I want to say Thank you for the subsidy my trip, without it I am doubtful that I could have joined the trip because of personal reasons. I am very appreciate the subsidy and I am not take it as granted.

As the experience I had in the trip, I would love to come again and join to the spirit, I am sure more good friends will join and come too.

Laurence Mimieux, Paris, France:

A huge THANK YOU for this event in Istanbul which was a real achieved challenge. No other organization could make us having such great moments, perfect in all the minute details ; and at the same time, feeling a part of a big Jewish family, whatever our nationality is. And as usually, you carried out this feat.

Thank you for all these wonderful moments I've had, and these wonderful persons I've met, since I come ECJS events. And moreover THANK YOU for your dedication !!

Alejandra Romain, Sweden:

It has been of my pleasure to participate in this wonderful program celebrating 10 years of ECJS. The main purpose of my letter is to say thanks to all members, at ECJS, who made possible my trip to Turkey. They did an extraordinary work, taking care of so many people at the same time and, with so much responsibility and kindness.

I also got a discount for the whole program which was quite good for my situation at that period. It has been a wonderful weekend, getting to know people from different parts of Europe which, it was the most important reason for my trip.

My respect and greetings go to all members of ECJS who made our weekend unforgettable.
